

<p>Ecologist/Environmental Planner</p>	<p>Julia Olsen</p>
<p>QUALIFICATIONS: Bachelor of Science (Biological Sciences) (University of NSW, 2001)</p>	<p>BSc(BioS) MEIANZ</p>
<p>CAREER SUMMARY:</p> <p><i>February 2010 Ecologist/Environmental Planner, Chenoweth EPLA</i></p> <p><i>2009-2010 Senior Environmental Planner, Ipswich City Council</i></p> <p><i>2008-2009 Ecologist, Opus International Consultancy</i></p> <p><i>2005 - 2007 Ecologist, Andrews.Neil Pty Ltd (Integrated Consultancy)</i></p> <p><i>2004 – 2005 Plant Ecologist and Environmental Officer, Anne Clements and Associates</i></p> <p><i>2004 Landcare Supervisor, Marrickville Council</i></p> <p><i>2003 Subcontracting Environmental Consultant, Waratah Eco Works</i></p> <p><i>2002-2004 Supervisor, Lilly Pilly Indigenous Landscapes</i></p> <p><i>2002 Bush Regenerator, Lane Cove Bush Regenerators Cooperative</i></p> <p><i>2001 Bush Regeneration Volunteer, Friends of Lane Cove National Park</i></p> <p>CONTINUING PROFESSIONAL DEVELOPMENT:</p> <ul style="list-style-type: none"> • <i>Bush Regeneration Certificate II (Ryde Tafe)</i> • <i>Diploma of Conservation and Land Management (Ryde Tafe)</i> • <i>Grass identification workshop organised by Ecological Consultants Association of NSW led by Dr Surrey Jacobs from the National Herbarium</i> • <i>Senior First Aid</i> • <i>Current OH & S Green Card (NSW)</i> • <i>Natural Channel Design course hosted by Water By Design (Healthy Waterways)</i> 	<p><i>Julia is an Ecologist/ Environmental Planner with skills in botany, vegetation management, flora and fauna surveys, water quality monitoring, GIS mapping and data presentation, report preparation and threatened species management. She has eight years experience in the environmental industry including environmental monitoring, natural area restoration, planning and consultancy. Julia also has knowledge and understanding of water sensitive urban design principles and theory. Professional expertise includes:</i></p> <ul style="list-style-type: none"> • <i>Project Management</i> • <i>Ecological Surveys</i> • <i>Vegetation Management Plans</i> • <i>Environmental Management Plans</i> • <i>Environmental Assessment Reports</i> • <i>Environmental Planning Reports</i>

PROJECT EXPERIENCE:

Chenoweth EPLA Senior Environmental Scientist

Habitat Assessments

- Gatton-Esk Road – inspection of potential habitat trees;

Threatened species searches

- Pimpama threatened species and vegetation inspection– targeted search for threatened plant species *Plectranthus habrophyllus*;

EPBC Referrals

- Ebenezer Powerlink training facility – mapping of Swamp Tea-tree (*Melaleuca irbyana*) threatened ecological community.

Regional Ecosystem Assessment / Vegetation Management

- Cedar Creek Quarry due diligence vegetation mapping – assessment of mapped high value regrowth.

Planning Studies input

- South East Queensland National Reserve System management plan – assisted preparation of management plan and appendices; and

Vegetation Management and Rehabilitation Plans:

- Macquarie Way – vegetation rehabilitation plan for disturbed riparian land.

Ipswich City Council

Senior Environmental Planner:

- Development assessment and preparation of approval conditions involving multi-stage residential and industrial developments throughout the Ipswich City Council area;
- Assessment of applications involving vegetation clearing and water sensitive urban design;
- Provision of ecological advice to inform pre-lodgement meetings; and
- Liaison with developers and contractors throughout maintenance periods for riparian rehabilitation plans.

Opus International Consultants

Plant Ecologist

- Vegetation surveys for various bridge upgrade projects in the Sunshine Coast Regional Council area;
- Preparation of Environmental Management Plans for various bridge upgrade projects; and
- Sunshine Coast Hospital Environmental Review – threatened flora, fauna and ecosystems.

AndrewsNeil Integrated Consultancy

Ecologist

- Numerous flora and fauna surveys in NSW Central Coast and Sydney area;
- Targeted searches and population counts of various threatened species including *Angophora inopina*, *Cryptostylis hunteriana*, *Rutidosis heterogama*, *Tetratheca juncea*; and
- Preparation of various reports including assessment of significance, species impact statements, review of environmental factors.

Anne Clements and Associates

Plant Ecologist and Environmental Officer

- Numerous flora surveys within the Sydney and NSW Central Coast areas; and
- Environmental officer responsible for co-ordination of habitat restoration and revegetation of dunes and littoral rainforest adjacent to a residential and golf course development at Magenta Shores (NSW Central Coast).
